SINGAPORE, 26 AUGUST 2025 – Deluxe Systems is proud to announce its second participation at FIND Design Fair Asia, introducing once again the artistry of luxury Italian windows and doors to Singapore.

In a city celebrated for its modern skyline and cosmopolitan lifestyle, Deluxe Systems (DS) presents a showcase where timeless Italian craftsmanship meets contemporary design needs. Guests will discover panoramic glazing, bespoke window systems, and architectural glass elements designed to elevate both luxurious residences and high-performance workplaces.

The portfolio now features eight of Italy's most exclusive brands — Apexfine, Ponzio, Flessya, Faraone, Chirenti, MR Art Design, Dimensione Serramenti, and a newly added brand that will be unveiled on our website in the coming days. Each brand brings a unique combination of heritage, innovation, and design excellence to the fair.

The return of DS at FIND Design Fair Asia goes beyond a showcase of products. It reflects the company's role as a partner from the earliest design phase, providing comprehensive project support for architects, developers, and interior professionals. DS's offering goes beyond sales: it includes professional installation by teams trained directly in Italy, and an ongoing scheduled maintenance program that ensures long-term performance and client peace of mind.

With this holistic approach, DS strengthens its position as a trusted partner in Singapore and the wider region, offering exclusive Italian solutions tailored to local living and working environments.

This year's showcase also coincides with a significant milestone: the upcoming launch of DS's first Singapore showroom on 13 November. The dedicated space will give clients the opportunity to experience firsthand the beauty, performance, and craftsmanship of luxury Italian windows and doors.

"In Singapore, windows and doors go beyond function — they frame the skyline and connect our homes to the vibrancy of the city," said Germano Vitali, Director at Deluxe Systems. "We are excited to present our vision at FIND Design Fair Asia, ahead of the opening of our first Singapore showroom on 13 November. The new space will allow clients to experience, up close, the craftsmanship and elegance of our luxury Italian windows and doors."

About Deluxe Systems

Deluxe Systems Pte Ltd, headquartered in Singapore, specialises in high-quality window and doors solutions that combine sustainability with innovative design with exclusive products. Each product is developed with superior materials, expert engineering, and meticulous attention to detail, reflecting the artistry of Italian design thinking. More than just architectural elements, Deluxe Systems' windows and doors are statements of elegance, durability, and environmental consciousness.

The company's key strength lies in its comprehensive project support. We provide assistance during the design phase, offer exclusive Italian products, and employ installers who are trained in Italy. Additionally, we offer a scheduled maintenance service. This approach, which has been refined and proven for over 50 years in Europe, allows us to provide complete, 360-degree assurance for every project.

The company aspires to be the leading provider of premium windows and doors in the ASEAN region and the preferred choice for architects, developers, and homeowners seeking Italian excellence in window solutions.
